Envestnet, Inc. (NYSE: ENV) and Investment Advisor magazine selected finalists for the 13th Annual Separately Managed Account (SMA) Manager and Strategist of the Year Awards using Envestnet | PMC's proprietary, systematic, and multi-factor methodology for evaluating managers. This framework takes a variety of qualitative and quantitative criteria into consideration, such as investment process and style, performance, firm profile, customer service, and tax efficiency. To qualify for an SMA Manager and Strategist of the Year Award, a manager's team must have at least three years of experience running a strategy with \$200 million or more in assets. A manager's product is also required to be reported through Envestnet | PMC's Premium Research solutions, which includes more than 54,000 advisors and 2,500 companies including: U.S. banks, wealth management and brokerage firms, Registered Investment Advisers, and Internet services companies.

The Thomson Reuters Lipper Fund Awards, granted annually, highlight funds and fund companies that have excelled in delivering consistently strong risk-adjusted performance relative to their peers. The Lipper Fund Awards are based on the Lipper Leader for Consistent Return rating, which is a risk-adjusted performance measure calculated over 36, 60 and 120 months. The fund with the highest Lipper Leader for Consistent Return (Effective Return) value in each eligible classification wins the Lipper Fund Award. The PSN universes were created using the information collected through the PSN investment manager questionnaire and use only gross of fee returns. Mutual fund and commingled fund products are not included in the universe. PSN Top Guns investment managers must claim that they are GIPS compliant. Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the ten year period ending December 31, 2017. Moreover, products must have returns greater than the style benchmark for the ten year period ending December 31, 2017 and also Standard Deviation less than the style benchmark for the ten year period ending December 31, 2017. At this point, the top ten performers for the latest 10 year period ending December 31, 2017 become the PSN Top Guns Manager of the Decade. This designation may not be representative of any one client's experience because the rating reflects an average of all, or a sample of all, the experiences of investors in the strategy. Though the strategy was in the top ten, it was not ranked first in the top ten category for each period.
